Tucked away in the beautiful island of Bintan, Loola Eco Adventure is the best getaway for families seeking unique fun. With an unparalleled range of diverse activities from mangrove planting to coconut climbing, your experience will be like no other.

At Loola, we prioritise making you feel at home; fully run and managed by Bintan residents themselves, your family can truly experience the warm hospitality of the Indonesian people.

## SUSTAINABILITY & LOOLA

Our philosophy of sustainability continues to pave the way for new standards of utilising renewable resources — solar power accounts for 60% of the resort's electricity needs, and rainwater supplies half the resort's water resources.
