SUMMER CAMP FOR TEENS

As every parent knows, older teenagers aren't too keen to take part in a *children's* summer camp. They need something that speaks to their age group.

Our **summer camps for teens** (U18) are especially designed to do just that: the camp will be filled with robust and exciting activities that specifically fit their interest (see list below), and the whole experience will be given profound meaning by letting them take ownership in a sustained and meaningful community project that enables them to change local lives.

Developed and owned by two teachers, LooLa brings together the latest educational insights to promote **team spirit**, **self-confidence**, **leadership skills**, and a **sensitivity** for the local community; but above all, to have an unforgettable experience ...

- ✦ River and sea kayaking, dragon-kayak racing, and sailing island-hopping expeditions
- ✦ Rafting/ Raft building & sea-flat marine nature discovery walks
- ✦ Boat trip, boom-netting, treasure island - visit deserted or traditional island villages
- ✦ Climbing: in trees & on rock wall on the beach
- ✦ Skywalk - then take the leap of faith!
- ✦ Zipline: fly into our swimming pool!
- ✦ Challenging hill treks with orienteering
- ✦ Community involvement programs: build waste water gardens and/or a local basketball
- ✦ LooLa's famous Eco/edu tours: experience our award-winning eco systems and learn how you could apply these systems at home or elsewhere.
- ✦ Survivor island adventure
- ✦ Beach volley, futsal and basketball fields

All these fabulous activities are conducted by our multiple-award winning local LooLa staff, supported by one of our Singapore-based LooLa coaches.

All activities are fully supervised and all necessary safety equipment will be used.

Camps run essentially all weeks in July and August, from Sunday till Friday, as long as there are sufficient students to sign up - we need a minimum of 10 students to go.

You can sign up by putting your name in our Google [calendar](#) (click the link to access), or (faster) by using our website link at <http://loola.net> (jump to section "Summer camps")

Liability clause:

I, the parent/guardian, hereby declare the following: I am aware that LooLa Adventure Resort has run many trips for schools and (young) children since the year 2000; that its programs are specifically designed to be child-friendly and safe; and that there have, to date, been no major accidents. I understand that it is in LooLa's own best interest to continue this good track record. I also understand, however, that nobody, including LooLa resort, can provide certainty that no accidents will ever happen. I expect that the resort staff exercise professional and responsible oversight of the children, the equipment and the activities, but I do not expect things that parents do not provide themselves, such as 24 hour monitoring of every single action of my child. I know that equipment could in theory fail, despite the best of professional care, and I accept to not hold the resort responsible for accidents (unless, of course, professional negligence is evident). I accept that my child will be expected to behave responsibly and will adhere to instructions from the LooLa staff. (Although this has never happened so far) I accept that the resort has the right, at its complete discretion, to send my child back to Singapore earlier if they feel that discipline issues pose a serious problem, and that no refunds will be given in such case. Should medical treatment be necessary, I accept that LooLa's first action might be to call the insurance company and rely on their advice for further action. LooLa will then attempt to contact the emergency contact given via call/SMS. I declare that I have read the conditions of the insurance on <http://loola.net/insurance>, and that I am aware of the limitations of the medical coverage upon repatriation to Singapore.
